

The staff at Larry Good Homes has been building custom homes since 1972. We are ready to help make your dream of building a custom home a reality! Whether you are looking to downsize into one of our maintenance free patio homes or upsize or upgrade, we have a variety of home plans to offer. We can also work with you on your unique design. Through our years of experience, we have perfected a home building process that will keep things simple and moving along smoothly. From selecting your plan; to receiving and reviewing plan bids; to making your custom selections; all the way through your construction and closing, we are here working as your partner!
